

# Confidentiality Agreement for Student for Purposes of Clinical Posting

This agreement is made the \_\_\_\_\_ day of \_\_\_\_\_ 2019.

Between

Epworth Foundation trading as Epworth Healthcare ABN 97420694950 of Level 5, 89 Bridge Road Richmond Victoria (Epworth)

And

\_\_\_\_\_ [Students name]

Of \_\_\_\_\_ [Students address]

## Background

- A. The Student wishes to undertake a clinical posting at Epworth.
- B. Epworth has determined that it may be desirable or necessary to release certain data and information, including personal health information about its patients, to the student during the course of this clinical posting ('confidential information').

## It is agreed as follows:

1. Student shall not at any time during his or her examination of the information and data provided to him or her by Epworth, or at any time that the information and data is in his or her possession, except by the direction of Epworth, or where required by law, divulge either directly or indirectly, to any persons, company, or companies for any purpose, any confidential information or knowledge which he or she may acquire during the course of the clinical posting, and at all times keep confidential all such confidential information.
2. Any data and information acquired by the Student during the clinical posting regarding the business, transactions, affairs, property, policy, processes or activities of Epworth including, without limiting the generality of the foregoing, design or technical drawings, proofs and prints, computer software and programs, know how, ideas, diagrams, tables, marketing and personal information not in the public domain, shall be treated by him or her as confidential information.
3. Student agrees not to make any public comment about the information and data.
4. Student agrees to return any data and / or documents concerning Epworth to Epworth on request.
