

# Welcome back to Epworth Cardiology and BLS – CPR Workshop for GPs

Saturday 30 July 2022

Epworth Richmond 8.00am – 1.30pm

- > Meet the requirements for your compulsory BLS CPD points and
- > Be involved in case-based discussion

Specifically designed for GPs, using a combination of small group learnings and case-based discussion, this in-person workshop will focus on the management of commonly encountered cardiac related conditions in the primary care setting and focus on the changes over the last three years. Participants will also be able to refresh their resuscitation skills within a simulated clinical environment.

## Topics covered

- > Aortic stenosis – the new pandemic?
- > Mitral regurgitation – are we underestimating?
- > Refining coronary risk, step by step
- > Mitigating stroke risk
- > BLS/CPR
- > Heart failure – are there new weapons?

## RACGP

This event attracts a total of **13 CPD activity points**

**BLS – CPR –**  
5 CPD activity points

**Cardiology Sessions –**  
8 CPD activity points

## Cost

\$120 per person
