

Epworth HealthCare

GP EDUCATION PROGRAM – Webinar Event

ORTHOPAEDICS :

- **CARPAL TUNNEL SYNDROME AND WRIST ARTHRITIS**
- **ANKLE SPRAINS AND BUNIONS**

OVERVIEW

This webinar will include the presentation of four common orthopaedic conditions in general practice, providing an insight into initial presentation, investigations, initial management, when referral to a surgeon is recommended and rehabilitation including presentation of case studies.

TOPICS | SPEAKERS

Carpal Tunnel Syndrome (CTS) and wrist arthritis

Mr Richard Pennington, Orthopaedic Surgeon

Ankle sprains and bunions

Mr Wei-Han Tay, Orthopaedic Surgeon

LEARNING OUTCOMES

1. Identify when urgent referral is necessary and describe the rehabilitation post carpal tunnel decompression.
2. Discuss the management options for patients with recurrent ankle sprains and symptomatic bunions.
