

Epworth GP education

BREAST AND ENDOCRINE

WEBINAR PROGRAM

DATE, TIME, LOCATION

Monday 22 February 2021, 7.00pm – 8.15pm

TITLE	Current management of breast and thyroid lumps
SPEAKERS	Miss Natalie Zantuck, Mr Charles Yong, Mr Michael Cheng and Mr Michael Law, Breast, Endocrine and General Surgeons
FORMAT	CPD Activity Webinar Case based presentations, panel discussion and Q&A
HOST	Epworth Eastern and Epworth Camberwell

SESSION OVERVIEW

A GP educational case-based webinar focusing on diagnosis and treatment of suspicious breast and thyroid lumps in their patients. The GP needs to identify the lump and the treatment pathway to achieve the best outcome for the patient.

LEARNING OUTCOMES

1. Identify patients with breast and thyroid lumps requiring further investigation
2. Evaluate the available tests and interventions to aid in the diagnostic process
3. Develop a treatment pathway for these patients and when to refer for specialist opinion.
