

PROSTATE CANCER – BEFORE & AFTER

DATE: WEDNESDAY 10th AUGUST 2022

TIME: 7.00pm – 8.30pm

TOPIC 1: **ADVANCEMENT IN TREATMENT OF PROSTATE CANCER OVER THE LAST 10 YEARS AND A PEEK INTO THE FUTURE**

Presented by **Dr Dixon Woon**, Urological Surgeon

This presentation will guide GPs to identify men at high risk of harbouring prostate cancer, examine the contemporary biomarkers and imaging modalities in prostate cancer diagnosis and staging and discuss the modern treatment options for patients with localised and advanced prostate cancer.

TOPIC 2: **POST-PROSTATECTOMY INCONTINENCE AND ERECTILE DYSFUNCTION**

Presented by **Dr Sandra Elmer**, Urological Surgeon

A review of the aetiology, incidence and management options of Post-prostatectomy incontinence (PPI) and erectile dysfunction (ED).

TOPIC 3: **THE ROLE OF THE UROLOGY NURSE PRACTITIONER IN PROSTATE CANCER**

Presented by **Mr David Gray**, Urology Nurse Practitioner

A presentation on the role of the Urology Nurse Practitioner at Epworth Freemasons and how they support the men and their partners during the man's prostate cancer journey. The presentation will include the Epworth rehabilitation program for men who have undergone a radical prostatectomy.

LEARNING OUTCOMES

1. Identify men at risk of developing prostate cancer for assessment, testing and referral
2. Understand the treatment options available for men with localised or advanced prostate cancer
3. Discuss the aetiology, incidence and management options for Post-prostatectomy incontinence (PPI)
4. Discuss the aetiology, incidence and management options for erectile dysfunction (ED)
5. Outline penile rehabilitation options for post radical prostatectomy
