

DATE TUESDAY 09TH NOVEMBER 2021

TIME: 7.00pm – 8.15pm

SPEAKERS/TOPICS

1. UROLITHIASIS: Practice points for primary care and management of associated issues (e.g. stent irritations)

Presented by Dr Janice Cheng, Urologist

2 BPH: Current concepts in diagnosis and Treatment

Presented by Mr Conrad Bishop, Urologist

OVERVIEW

The presentation on **UROLITHIASIS**, presented by Dr Janice Cheng, will provide you with the tools to assess and manage patients with stone disease in primary care, including tips on how to deal with associated issues such as stent irritation. It will highlight practice points, provide an update regarding the different treatment modalities available.

The **BPH** presentation, presented by Mr Conrad Bishop, gives a brief overview of the pathogenesis and clinical presentation of BPH. It also provides a detailed paradigm for investigation of lower urinary tract symptoms. An overview of treatments for BPH, both medical and surgical are examined to complete the discussion.

Hosted by Epworth Freemasons, this GP education webinar provide the opportunity for Q&A.

LEARNING OUTCOMES

- 1 Recognise and manage patients with stones, and identify triggers for referral
2. Outline potential underlying metabolic abnormalities for stone formation
3. Develop an understanding of the pathophysiology of BPH, its clinical course, role of investigations and principles of treatment.
