

Colorectal Surgery – Scope of Clinical Practice

Clinical Institute: General Surgery and Gastroenterology

Procedure Name	Tier
Abdominoperineal resection	Tier A
Anterior resection	Tier A
Anterior resection – ultra low	Tier A
Colonic pouch surgery	Tier A
Colorectal endoluminal stent insertion	Tier A
Consulting	Tier A
Dilation of colorectal strictures	Tier A
Ileo-anal pouch surgery	Tier A
Intra-operative colonic lavage	Tier A
Laparoscopic colorectal surgery	Tier A
Management of anal warts	Tier A
Management of complex anal fistulae	Tier A
Management of diverticular disease	Tier A
Management of haemorrhoids and their complications	Tier A
Management of lower GI haemorrhage	Tier A
Management of radiation proctitis	Tier A
Management of rectal cancer	Tier A
Rectal prolapse surgery	Tier A
Rectocele surgery	Tier A
Resection of sacrococcygeal or pre-sacral tumour	Tier A
Reversal of Hartmann’s procedure (or similar operation)	Tier A
Sigmoidoscopy, with or without biopsy, with polypectomy	Tier A
Stoma surgery	Tier A
Surgery for faecal incontinence	Tier A
Surgery for inflammatory bowel disease	Tier A
Transanal rectal surgery	Tier A
Treatment of anal fissure	Tier A
Advanced laparoscopic colorectal surgery	Tier B
Colonoscopy. Fiberoptic with biopsy, coagulation, injection, with polypectomy	Tier B
Paediatric practice - Any clinical practice involving the treatment of a patient under the age of 18 years	Tier B
Robotic assisted laparoscopic inguinal hernia repair under proctorship only	Tier B
Robotic assisted parastomal hernia repair	Tier B
Robotic assisted right hemicolectomy	Tier B
Robotic assisted significant ventral or incisional hernia repair	Tier B
Robotic-assisted anterior resections	Tier B
Single incision laparoscopic surgery	Tier B
TAMIS - Transanal minimally invasive surgery	Tier B
TaTME - Transanal total mesorectal excision	Tier B
Transanal endoscopic microsurgery	Tier B
Peritonectomy and HIPEC	Tier C
Pressurised Intraperitoneal Aerosol Chemotherapy (PIPAC)	Tier C
