

Don't bring it home

Protocols for entering your home and minimising the risk of infection

On entry, remove your shoes and place in a plastic box.

Leave your bag, wallet, mobile, keys, etc in a box near the entry.

Change out of your clothes immediately and wash them. Use the hottest possible machine wash setting and dryer if you can.

Have a shower.

Clean items you've brought in and surfaces you've touched.

Cleaning tip: Hot soapy wash, wipe or disinfectant spray (depending on surface) phone cases, keys, ID, lanyard, glasses, etc.

Remember to wash your hands regularly.
